

**Veteran Owned Small Business
SBA Certified**

Frontline specializes in precision electro-mechanical products as associated with "high technology" instrumentation systems and components for measurement, monitoring and control applications. Our customers are typically sophisticated designers and engineers who use precise, dependable instrumentation in applications where accuracy and reliability are critical to the success of their project. Frontline Management, Inc.'s market and product experience spans 35 years in the instrumentation and controls industry. We specialize in custom-engineered components and systems. We pride ourselves in assisting our customers in selecting or designing the best possible instrument or devices for their applications, and in providing competent technical sales service for our principals

PRESSURE

- Transmitters
- Transducers
- Switches

TEMPERATURE

- RTD's
- Thermocouples
- Transmitters
- Heat Flow
- Sanitary Probes – Fixed & Spring Loaded
- Thermowells
- Fans & Heat Exchangers

FLOW

- Flowmeters
- Totalizers & Rate Indicators

POSITION

- LVDTs
- Angular Displacement Transducers
- Potentiometers – “String Pots”
- Proximity Sensors - Speed Sensors

ACCELERATION & VIBRATION

- Accelerometers - Charge Amps
- Signal Conditioning
- Vibration Analysis Systems

LOAD / STRAIN / TORQUE / FORCE

- Load Cells
- Torque Sensors
- Strain Gages

LEVEL & HUMIDITY

- Level Transmitters & Transducers
- Submersible
- Ultrasonic
- Point
- Head Pressure
- Hygrometers

CONTROLLERS

- Pressure – Temperature - Flow

RECORDING DEVICES & TELEMETRY SYSTEMS

- Recorders
- Dataloggers
- Printers & Scada Systems

ACCESSORIES/COMPLEMENTS

- Custom & “Build-To-Print”
- Cables & Harnesses

FIELD SERVICE

- Demand Services
- Annual Service Contracts
- Cables & Harnesses
- Calibration
- Repair
- Commissioning, Level, Flow, Pressure, & Temperature Instrumentation

Frontline Sensors & Systems

Manufactures/Suppliers listed alphabetically

For Turbine Power Systems - Cables. Flame Sensors, Speed Sensors, Thermocouples, & Differential Pressure Transmitters

Pressure & Temperature Measurement Products, Bourdon Tube & Diaphragm Capsule Gauges, with Brass, Stainless Steel, Alloy Steel, Monel Internals.

Mansfield & Green Diaphragm Seals, Continuous Duty Seal Elements, Prevent Leakage of Process Media

PMT Liquid Level Pressure Sensors, Transducers & Transmitters, Indicators & Controllers

ASHLAND ELECTRIC PRODUCTS
High Reliability,
Hi Performance
Motors, Fans and
Blowers

Heating Jackets, Blankets, Tapes, Cable, & Cords, Cartridge Heaters, Temperature Switches & Controllers

Piezo-Electric Accelerometers, Charge Amplifiers, & Associated Electronic Signal Conditioning

Standard & Customized Temperature Sensors - Thermistors, Thermocouples, Rtd'S, Thermowells, & Temperature Sensor Accessories
Ask For Our Free "SwiftyCalc" Thermowell Calculator

On Line Analyzers, Sample Systems & Complete Turnkey Analyzer Systems For Gas & Process Industry

Hart Communicators, Calibrators, Manometers, Gauges, & Wireless Systems for Pressure, Flow, & Temperature.

Non Contact Motion Sensors with High Resolution & High Speed

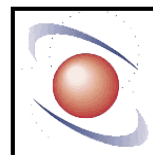

IDEX - LIQUID CONTROLS GROUP
Precision Flowmeters
Turbine, Positive Displacement, Mass Flow, & MagMeters

Linear & Angular Displacement & Linear Velocity Transducers & Accessories

WIKAI's TRONIC Industrial & Specifically Designed Pressure Transmitters & Transducers for Design-in Applications & Intergrated Electronic Systmes

WORLD MAGNETICS
Pressure & Vacuum
Switches
